C. 1st disc is alright 2nd one is far better but my favorite one is the 3rd disc. THE SOUNDTRACK HAS A SIMPLE FIX:

Go into the steam music library and click the plus sign

Go into your Portal 2 steamapps folder and look for the soundtrack folder and select it for use as an album

And I found this out myself. If only you \u2665\u2665\u2665\u2665s would put in two seconds of effort.. Well. 3:22 hours of free music is pretty amazing. And they even sound great. Go get it.. 64 songs, unique and fresh. I put them on my iPod, and listen to them almost every day. Needless to say, I give it 11V10.
